Hiring Manager

Banglalink Digital Communications

Dhaka, Bangladesh

Dear Hiring Manager,

I am writing to express my interest in the Corporate Sales Executive position at Banglalink, as advertised. With over four years of professional experience across both technical implementation and client engagement roles, I bring a unique blend of technical acumen, communication strength, and strategic insight that aligns well with the position's objectives.

In my previous role as an Implementation Coordinator at Cokreates Ltd., I was responsible for liaising with stakeholders for the Bangladesh e-Government ERP project. This experience sharpened my skills in client communication, project planning, and cross-functional coordination. Currently, as a Software Engineer at Ultra-X Bangladesh, I have continued to demonstrate strong problem-solving and team collaboration skills while managing complex backend systems and ensuring deliverables align with client expectations.

Though my background is rooted in technology, my role has consistently demanded market analysis, client relationship management, and strategic communication—all critical for the success of a corporate sales executive. My experience working closely with customers has developed my ability to identify business opportunities, present solutions effectively, and build long-term relationships—key capabilities aligned with the responsibilities at Banglalink.

What excites me most about Banglalink is your commitment to innovation and digital transformation, which resonates with my professional ethos and experience. I am enthusiastic about the opportunity to contribute to your mission of reshaping connectivity across Bangladesh and eager to apply my diverse experience in a challenging, growth-focused environment.

Thank you for considering my application. I welcome the opportunity to discuss how I can contribute to your team. Please feel free to contact me at your convenience.

Sincerely,

Jamal Mostafa Eahsan
